Monday, March 16, 2020

Dear LifeLinks CLASS Community,

LifeLinks CLASS day programs in Chelmsford, Lawrence, and Wilmington will be suspended from Tuesday, March 17 until Friday, April 3. We anticipate re-opening all day programs on Monday, April 6. In addition, all LifeLinks CLASS group activities are suspended until further notice.

All other LifeLinks CLASS programs and services – including all residential services, AFC, family, and individual support services – will continue to operate to the greatest extent possible given the severity of the public health situation. Within the next 48-72 hours, each of the families of individuals that we currently support in our day programs will receive a phone call from our staff to help you plan and prepare for this period.

We recognize these decisions impact the people we support and their families, as well as our dedicated staff, but your health and safety are our highest priority. We understand this is a difficult time, and we appreciate your patience and cooperation.

Kind regards,

Jean M. Phelps, CEO
